

COVID-19 HEALTH AND SAFETY POLICIES AND PROCEDURES

- To ensure the health and safety of our guests, Bowlium Lanes will be following all state and federal guidelines in regards to COVID-19.
- To allow a more comfortable bowling experience, Bowlium Lanes will be implementing social distancing lane assignments; open play bowling will be designated to every other lane.
- To further ensure a more private experience and minimize co-mingling between groups, social distancing rails have been constructed.
- In addition to being thoroughly sanitized daily, a selection of different weight bowling balls will be made available for each lane. Sanitizing wipes will be handed out to each guest and sanitizing stations will be accessible throughout the center.
- Bowlium Lanes will closely monitor and adhere to the maximum number of guests allowed per state and federal guidelines.
- For the health and safety of our employees and guests, all staff and guests will be required to wear facial coverings.
 - In addition to our normal policy, all rental shoes will be disinfected before & after each use. For customer convenience and safety, a designated shoe return station will be implemented.
 - All high-contact areas, such as rails, counters and arcade surfaces/handles, are being disinfected frequently throughout the day.
